Textalyser

Welcome to the online text analysis tool, the detailed statistics of your text, perfect for translators (quoting), for webmasters (ranking) or for normal users, to know the subject of a text. Now with new features as the anlysis of words groups, finding out the keyword density, analyse the prominence of word or expressions. Webmasters can analyse the links on their pages. More instructions are about to be written, please send us your feedback !

Enter your text to analyze here :

Stalinism was a reign of terror within the bureaucratic class. The terror on which the bureaucracy's power was founded was bound to strike the class itself, because this class had no legal basis, no juridical status as a propertyowning class that could be extended to each of its members individually. Its real proprietorship was masked, because it had become
